Dear Ms. St. George:

Based on the recent submission of "make-up" 2003 nitrate, nitrite, volatile organic compounds, and synthetic organic compounds chemical samples, along with submission of proof of public notice, DES has determined that the violations noted in Letter of Deficiency #WSEB 04-055, dated April 27, 2004, have been corrected. We appreciate your cooperation in resolving this matter.

Please continue to submit water samples according to your Master Sampling Schedule enclosed.

If you have any questions, please contact me by phone at (603) 271-0672, or by e-mail at abailey@des.state.nh.us.

Sincerely,
